

## NILS ALDAG

Managing Director & Founder | Sunfire GmbH

At the age of 23, he co-founded Sunfire GmbH, a renewable energy company developing and commercializing breakthrough technologies to produce renewable fuels (e.g. hydrogen and synthetic fuels) from carbon dioxide and water. Sunfire's vision is to enable a world without fossil oil. Nils is the CEO of the company. Since 2016, he has served on the Board of Hydrogen Europe, the Brussels-based pan-European trade association. Nils studied Business and Law at EBS University and Universidade Nova de Lisboa.
